

# CAMRA CHAMPION BEER OF BRITAIN AWARDS - Judging Form

## CATEGORY: Milds

For each beer, please enter a score out of 10 for your impression of each parameter; appearance, aroma, taste and aftertaste.

For 'appearance', consider colour, clarity, sparkle and head.

For 'aroma', cover the glass with your hand, gently swirl then sniff. Consider hop, malt and fruity aromas, whether they are appealing to you and are what you would expect in this style of beer.

For 'taste', swill the beer over the entire area of your tongue. Different parts of the tongue detect different types of flavour. Consider the balance of hop, malt and fruity flavours, sweetness and bitterness and whether they are appealing to you and are what you would expect in this style of beer. 'Taste' is regarded as the most important parameter and your taste score will be weighted accordingly. Please consider it carefully.

For 'aftertaste', consider the taste remaining half a minute or so after swallowing the beer. It will often comprise dry, bitter flavours at the back of the tongue, and hoppy and /or fruity flavours may also linger. Consider whether this is appealing to you and is what you would expect in this style of beer.
