

# Volunteer Opportunity to provide legal advice

CAMRA's Campaign team is looking for qualified volunteers to offer pro bono legal advice to the Campaign.

## Background

The Campaign is currently exploring options for responding to the increasing disparities between practices used by Councils when considering nominations for Asset of Community Value (ACV) listing, and the requirements for listing as described in legislation.

We have made complaints to a number of Councils about their refusals to list venues and have been told that this matter is beyond the scope of Council complaints policies.

## Skills, experience and brief outline of role:

- Relevant qualifications.
- Experience of bringing claims against local government organisations.
- Willing to volunteer advice to the Campaign, as well as a view on the Council's interpretation of wording within the Localism Act.
- Some familiarity with the Localism Act (2011) would likely be beneficial, but not essential.

## Hours

Variable – depending on assessment of the situation. Please contact the Campaigns Team for a more detailed conversation about possible time commitments.

## Contact

If you, or someone you know can help, then please get in touch with the Campaigns Team at [campaigns@camra.org.uk](mailto:campaigns@camra.org.uk) to discuss suitability for the role.
